Korie Enscoe, Board Member intended to attend virtually, but was detained by an issue at work.

Jennifer Conrad opened the meeting with introductions and described the agenda and purpose for the meeting.

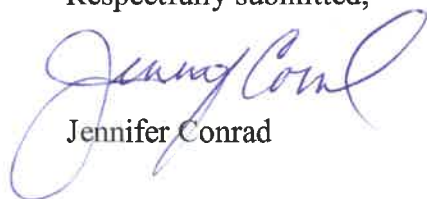

The Committee reviewed the Wellness Policy #246 dated April 7, 2020, and the goals of the policy.

The Committee completed the Triennial Assessment Template by reviewing and discussing each section and indicating whether or not the items were included in policy, and the level of implementation in the District.

After completing the assessment template, the Committee concluded the meeting by returning to the goals of the Wellness Policy to determine if the District is meeting those goals. It was determined that the District is meeting the Wellness policy goals, but could do a better job at implementing some of the areas of assessment.

Please see attached agenda from the meeting.

Respectfully submitted,

Jennifer Conrad
